

VICE PRESIDENT TECHNICAL

JOB DESCRIPTION

Avion Express is looking for VP Technical to lead and be responsible for strategic development, supervision, and management of CAMO and own Part-145 (limited to line maintenance), while conducting efficient budget control related to engineering, planning, 24/7 MCC functions, spare parts supply chain, storage and logistics, line and base maintenance, engines, APU and landing gear shop visits. VP Technical is also a Nominated Postholder approved by the National Authority as per Part M regulation requirements.

RESPONSIBILITIES:

- ▶ Leadership, supervision, and management of:
 - CAMO, including engineering, planning, airworthiness review and MCC functions;
 - spare parts supply chain — procurement, repairs, stock, warehouse and logistics;
 - Part 145 activities;
 - fleet maintenance — C checks, LDG/ENG/APU shop visits;
- ▶ Acting as the Nominated Postholder for Part M activities;
- ▶ Implementation and maintenance of processes related to quality, safety and security;
- ▶ Preparation, analysis and negotiation of various agreements, related to the activities listed above;
- ▶ Participation in fleet management;
- ▶ Preparation and control of the relevant part of the company's budget;
- ▶ Effective and timely cost control within the areas of responsibility.

ABOUT AVION EXPRESS

Avion Express is an experienced narrow-body ACMI operator operating 22 Airbus A320 family aircraft. Headquartered in Vilnius, Lithuania, Avion Express has established a long-term partnership with clients in Europe and is also operating in Africa, Asia-Pacific, South America.

In 2019 Avion Express established Avion Express Malta, a subsidiary airline based in Malta which operates Airbus A320 aircraft fleet.
